Print at home. No cutting needed. Keep the complete paper sheet.

A note for the host

Print the pages you want, set them at the kids' table and let younger guests choose what to try first. All each page needs is a pencil or crayons.

Printing

Choose US Letter (8.5 x 11 in) or A4 (210 x 297 mm) to match your paper. Print portrait, single-sided, at 100% / Actual size; do not use borderless printing. Content stays inside half-inch (12.7 mm) margins. If your printer clips the edges, use Fit to printable area. Low-ink editions are black and gray on white, with no background fills. No cutting is needed; the place card on page 16 uses a fold line.

Choosing activities

Pages marked SIMPLE use big shapes and few steps. Pages marked TRICKIER take more reading, spelling or patience. Some pages work best with a helper who reads aloud. Pencils make mazes easy to erase. Answer keys are on pages 17-18; keep them with the host.
